already on file.

HOME SCHOOL AFFIDAVIT

l, (name),
am the (relationship)
of (student name)
who I am making a notice of intent to home school.
I understand that since home schooled parents are not
required to deliver the state board approved Content Standards and Objectives, public schools do not grant credits to home schooled students who would transfer into a public school. Therefore, if during high school my student wishes to transfer from home school to public school he/she will enter the grade in which he started home school in high school. Also, I understand that homeschooled students do not earn a public high school diploma.
By signing below I attest that the above information has been explained to me and that I understand the above information.
